Re: Personnel Policies

COMMENT:

In every organization, it is necessary to establish a framework within which the efforts of employees can be directed in a manner which will advance both the objectives of the organization and the interests of the individual. Simply stated, every employee needs to know where he or she stands with their employer and what is expected of them. Personnel policies that are improperly formulated or administered, or that fail to keep employees informed concerning all areas of management policy, create misunderstanding, mistrust, and inefficiency. Properly formulated and administered personnel policies create a working environment conducive to productivity and personal job satisfaction.

With the growth of INSTITUTE OF COMMUNITY SERVICES, INC., it has become necessary to be more formal in administering personnel policy. This has been necessitated by the increasing number of personnel employed. The need has also been created by the expanding number of employee benefits provided by the agency and by the increasing role of government in regulating the personnel function.

This Personnel Policy Manual has been prepared as a guide and reference for members of management at all levels of supervisory responsibility. It expresses the policies of the agency in the area of employer-employee relations, and it enjoys the unqualified approval of the agency's board of directors and policy council.

Any policy, however properly formulated, is only as good as its implementation, and the key to the implementation of policy is the supervisor who is responsible for and in direct contact with each group of employees. You are the individuals who must translate these ideas and principles into action, and it is upon you that we depend for the successful development of a productive and harmonious working environment for our employees. Accordingly, I request that each of you thoroughly familiarize yourself with the contents of this manual in order that all personnel policies of the agency may be administered fairly and effectively.

Eloise McClinton, Executive Director
Institute of Community Services, Inc.

POLICY:

This Personnel Policy Manual of the INSTITUTE OF COMMUNITY SERVICES, INC. is a compilation of personnel policies, practices, and procedures which have been developed over a period of years. Designed as a communications tool for managers and supervisors, it offers a standardized approach for the administration of personnel policies, and thereby is intended to reduce difficulties which might arise from unwritten policy, inconsistent policy, or lack of proper communication.

All employees are hired at the will and pleasure of ICS. Nothing contained in these policies and procedures shall be construed to create any type of employment other than "at will", nor shall anything herein create any property rights in employment or benefits. Employees not working under an employment contract are deemed to be "at will." "At will" employees may resign at any time or be terminated for any reason, so long as it's not illegal; ICS, Inc. reserves the right not to recall employees after lay-off periods due to budgetary constraints, reduction in workforce, performance evaluations, etc.

COMMENT:

(1) The human resources director shall be responsible for distributing sufficient copies of the manual to supervisors and Head Start centers of the agency. Each employee shall review this personnel manual and sign an acknowledgment indicating that they have read and understand the contents of the manual.

(2) The manuals are agency property and are assigned to the job position and not the individual. Upon termination of employment or resignation, the supervisor shall return the manual to the human resources director for reassignment to the agency's replacement employee.

(3) Because of the importance of personnel policies and practices in the conduct of agency business, a management committee has been established to review and to recommend changes in the agency's personnel policies, its employee benefit programs, and its salary administration programs. Membership of the management committee consists of the human resources director and such other persons as designated by the agency's executive director.

(4) Any employee may recommend a change in policy to the management committee. Likewise, matters not covered by the manual shall be brought to the attention of the management committee in order that new policy may be formulated if necessary.

(5) All changes and new policy additions to the manual must be reviewed by the management committee, approved by the executive director, and submitted to the Board of Directors and Policy Council for final approval. A general announcement of policy changes to all employees will not be made until two days after distribution to supervisors and department heads.

(6) Should any employee approach his supervisor with a question concerning a policy contained in the manual, the supervisor is encouraged to show the employee the written policy involved and to attempt to answer any questions concerning the policy. Matters involving the interpretation of a policy shall be referred to the agency's human resources director and/or management committee for resolution.

(7) As used in the manual:

- (a) The words "shall" and "will" are to be construed as mandatory and the word "may" as permissive;
- (b) The masculine gender shall be construed to include the feminine gender;
- (c) "Supervisor" means an individual with the authority to assign, direct, and review the work of two or more subordinates; and
- (d) "Immediate family" means the employee's spouse, brother, sister, parent, children, father-in-law, mother-in-law, grandmother, grandfather, great-grandparents, and any members of the employee's household.
- (e) "At will" employment means, ICS, Inc., can keep our employees for however long we want. This means ICS, Inc., can fire employees for any reason or no reason at all, so long as it is not an unlawful or discriminatory reason, such as because of his/her age, sex, national origin or disability.

Lawful, non-discriminatory reasons for terminating an "at will" employee include:

- Merger with another company or business/Head Start agency
- Workforce reduction
- Poor agency performance

(8) The authors of this manual recognize that it is essential for employees to have a guaranteed right to appeal decisions of management that could adversely affect their job security. This manual is designed, therefore, with one central appeal procedure to handle all matters subject to appeal, including but not limited to the following:

- (a) Reductions in force;
- (b) Terminations;
- (c) Disciplinary matters;
- (d) Grievances;
- (e) Evaluations;
- (f) Transfers;
- (g) Any other personnel matter which may cause employee dissatisfaction.

The appeal section's location is Section 905:1, and all staff should refer to it when filing an appeal.

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. to develop and maintain a system of effective written personnel policies. The Personnel Policy Manual represents a collection of currently operative policies for the agency.

In order to insure that the agency's policies continue to meet high professional standards and do not become outdated or neglected, you will be provided with new or amended policy statements that reflect necessary changes as the need arises.

COMMENT:

(1) As new or amended policy information and statements are issued, the updates will not only note the changes you need to make but will also indicate how the affected policy statement is being modified.

(2) Filing instructions will be included stating which pages to remove and/or insert.

(3) Review and file the new material promptly to keep the Personnel Policy Manual current.

(4) Discuss any policy changes, both new issuances and modifications, with the employees you supervise to keep them informed of the policies governing their employment.

(5) Contact the agency's human resources director if you have any questions concerning any of the agency's policies and/or procedures.

(6) No changes, whether additions, deletions, modifications and/or revisions, will be made in the agency's Personnel Policy Manual except after due consideration of the mutual advantages, benefits and responsibilities of the agency's programs, operations, and employees. At some times and in some cases, the implementation and application of these policies may be affected by government regulations and funding, which shall supersede anything contained herein to the contrary.

(7) While the agency intends to continue in effect the policies, benefits and rules reflected in the Personnel Policy Manual, the INSTITUTE OF COMMUNITY SERVICES, INC. reserves the right to make any revisions as, in its judgment, may be advisable.

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. that the work of all employees shall be assigned, directed, and reviewed by supervisory personnel. Each employee will ordinarily have only one supervisor to whom the employee is directly responsible.

COMMENT:

(1) The supervisor is the link between the agency's management and non-management employees. He communicates to the employees under his supervision the goals and policies of the agency, and he communicates to agency the attitudes, suggestions, and complaints of employees.

(2) Effective supervision depends primarily on the ability of supervisors to get employees to do what they want them to do--with enthusiasm. More supervisors fail for lack of ability to deal with people than for lack of technical skills. Supervisory techniques such as the following are frequently utilized by successful supervisors:

- (a) They treat their employees as individuals;
- (b) They give recognition for good performance as well as for correcting mistakes;
- (c) When changes are necessary, they explain in advance and ask for suggestions;
- (d) They recommend good employees for promotion even if it means losing them;
- (e) They show their integrity by admitting mistakes instead of shifting the blame to others;
- (f) They are impartial and let their employees know the reasons for any decisions that might be interpreted as unfair;
- (g) They communicate a desire for good performance by setting performance goals and standards for their employees; and
- (h) They develop a feeling of teamwork among their employees.

(3) It is the responsibility of each supervisor to insure that the goals regarding work output established by the agency are achieved, and that the personnel policies established by this manual are implemented. Included in the latter category of responsibilities are the following:

- (a) Training employees in specific job duties and recommending special training outside the agency as needed;
- (b) Keeping employees fully informed on all factors relating to their work assignments, work progress, and opportunities for advancement;
- (c) Evaluating the performance of probationary employees, permanent employees, and employees who are being terminated;
- (d) Recommending salary adjustments, promotions, transfers, and termination of employees;
- (e) Scheduling vacations and supervising lunch and rest breaks;
- (f) Requesting approval of travel and reimbursement of employee expenses;
- (g) Controlling absenteeism and tardiness, and approving requests for time off;
- (h) Verifying employee time and attendance records;
- (i) Recommending the hiring of additional personnel or the elimination of any job;
- (j) Protecting the safety and health of employees and reporting injuries of employees or clients;
- (k) Maintaining neat and orderly work areas;
- (l) Implementing suggestions, disciplinary, and problem review procedures; and
- (m) Insuring that all rules and regulations are observed by employees.

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. to employ a full-time human resources director who shall be responsible to the executive director. The human resources director acts as an advisor to agency management by providing professional expertise in planning the agency's personnel policies, and providing staff assistance to supervisors and department heads in carrying out these personnel policies.

In addition, the human resources director serves as a member of the management committee which is tasked with the formulation and interpretation of personnel policies.

 - (f) Administration of employee benefits plans and programs, and disclosure of information concerning benefits to employees;
 - (g) Monitoring the disciplinary and grievance procedures; and

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. to announce to all employees the fundamental principles and mutual rights and obligations comprising the relationship of employment between the agency and its personnel.

COMMENT:

 - (b) To provide salaries and employee benefits which bear a fair and reasonable relationship to the work performed;
 - (c) To establish reasonable hours of work;
 - (d) To maintain safe and healthful working conditions;
 - (e) To place employees in the kind of work best suited to their abilities;

 - (f) To determine and change methods by which its operations are to be carried out; and
 - (g) To assign duties to employees in accordance with the agency's needs and requirements and to carry out all ordinary administrative functions.

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. to provide equal opportunity in employment to all employees and applicants for employment. No person shall be discriminated against in employment because of such individual's race, religion, color, sex, age, or national origin.

COMMENT:

(1) This policy applies to all terms, conditions, and privileges of employment including hiring, probation, training and development, promotion, transfer, compensation, benefits, educational assistance, reduction in force, social and recreational programs, termination and retirement.

(2) The administrative assistant has been appointed director of equal employment opportunity programs for the agency and will be responsible for formulating, implementing, coordinating, and monitoring all efforts in the area of equal employment opportunity. The administrative assistant shall report directly to the executive director, and the duties shall include but are not necessarily limited to:

- (a) Assisting management in collecting and analyzing employment data, identifying areas in which the agency is deficient in the utilization of minorities and women, and working with department heads to establish goals and timetables;

- (g) Keeping management informed of the latest developments in the entire equal employment opportunity area.
- (3) Any communication from an applicant for employment, an employee, a government agency, or an attorney concerning any equal employment opportunity matter shall be referred to the agency's human resources director.
- (4) While overall authority for implementing this policy is assigned to the administrative assistant, an effective equal employment opportunity program cannot be achieved without the support of supervisory personnel at all levels. Supervisors and department heads should understand that their work performance is being evaluated on the basis of their equal employment efforts and results.
- (5) This policy has the complete endorsement of the agency's executive director and board of directors.

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. to prohibit sexual harassment of its employees in the work place by any person and in any form.

DEFINITION:

Sexual Harassment is a form of discrimination in the United States that violates **Title VII of the Civil Rights Act of 1964.**

Sexual harassment occurs when one employee makes continued, unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, to another employee, against his or her wishes.

COMMENT:

- (1) Each supervisor has an affirmative duty to maintain his or her work place free of sexual harassment. This duty includes discussing this policy with all employees and assuring them that they are not required to endure insulting, degrading, or exploitative sexual treatment.
- (2) Specifically, no supervisor shall threaten or insinuate, either explicitly or implicitly, that an employee's refusal to submit to sexual advances will adversely affect the employee's employment, evaluation, wages, advancement, assigned duties, shifts, or any other condition of employment or career development.
- (3) Other sexually harassing conduct in the work place, whether committed by supervisors or non-supervisory personnel, is also prohibited. Such prohibitive conduct includes:
 - (a) Unwelcome sexual flirtations, advances, or propositions;

 - (c) Sexually suggestive or other erotic comments about an individual's body;
 - (d) Sexually degrading words used to describe an individual;
 - (e) The display in the work place of sexually suggestive objects or pictures;
 - (f) Text messages of a sexual or sexually suggestive nature;

- (g) Emails of a sexual or sexually suggestive nature;
 - (h) Sexual or sexually suggestive statements about any ICS employee to be Found on anyone's cyber medium such as: FaceBook or Twitter, etc.
- (4) Any employee who believes that he or she has been the subject of sexual harassment should report the alleged act immediately to his or her supervisor. Supervisors should make every effort to insure that complaints of sexual harassment are resolved promptly and effectively.
 - (5) If the employee is not satisfied with the action taken by the supervisor, the supervisor should advise the employee to bring the complaint to the attention of the human resources director. The complaint will be investigated by the human resources director and the employee will be advised of the findings and conclusion.
 - (6) All actions taken to resolve complaints of sexual harassment through internal investigations shall be conducted confidentially.
 - (7) Any supervisor, agent, or other employee who is found, after appropriate investigation, to have engaged in sexual harassment of another employee will be subject to appropriate sanctions depending on the circumstances, up to and including termination.

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. to hire individuals who are qualified or trainable for employment as determined by our standards of physical fitness, education, experience, aptitude, and character. All decisions regarding the recruitment, selection, and placement of employees are made solely on the basis of job-related criteria.

COMMENT:

- (1) Job openings will be filled by promoting qualified personnel, including substitutes, from within the agency, whenever possible.
- (2) The agency will accept applications for employment only when job openings exist. When no openings exist, applicants will be so informed and told that they may submit application(s) when future vacancies occur.
- (3) The agency will not pay any employment agency fees for referrals of individuals to fill job openings.
- (4) When a department head or other manager or supervisor determines that there is a requirement for one or more new employees, he or she shall submit an employment requisition to the human resources department. Requisitions to fill existing jobs that are being permanently vacated will be processed routinely. All other requisitions will be reviewed by the human resources department before approval.
- (5) To aid the process of selecting those most qualified for long term employment, the agency may utilize pre-employment tests as a part of normal hiring procedures for non-management personnel. The human resources department will administer any pre-employment tests.
- (6) If job openings are to be filled from within the agency, the openings will be posted in accordance with established agency procedures. The human resources department will arrange interviews between the applicant and the department head where the vacancy exists. A recommendation to accept or reject an applicant shall be made by the department head based upon the applicant's performance and qualifications. It is the department head's responsibility to determine if an applicant is technically qualified for the position and if the applicant can work compatibly within the department. The department head shall provide his or her recommendation in written form to the executive director.

- (7) If it is determined that additional personnel will be hired from outside the agency, parents will be given priority for positions for which they qualify. The following procedures shall be followed for outside hiring:
- (a) Employment applications shall be completed and submitted to the human resources department. Appropriate employment tests are administered and personal background investigations commenced by the human resources department for applicants who meet the minimum qualifications for the position.
 - (b) If the human resources department determines that the applicant is eligible for employment, an interview shall be arranged between the applicant and the head of the department from which the request for additional personnel originated.
 - (c) It is the department head's responsibility to determine if an applicant is technically qualified for the position and if the applicant can work compatibly within the department. A recommendation concerning hiring or rejecting each applicant shall be made by the department head and forwarded to the human resources department.
 - (d) All applicants recommended for hire by a department will be scheduled for interviews by the agency's management committee, as appropriate. Management committee recommendations will be forwarded to the agency's executive director. The personnel committee of the Policy Council shall make all final recommendations to the Policy Council for hiring.
 - (e) Following a decision to hire the applicant, a medical examination shall be arranged by the human resources department, if desired by management, to determine the applicant's physical abilities to perform the job. The cost of a physical examination required by management shall be paid for by the agency.
 - (f) If the medical examination or background investigation discloses any misrepresentation on the application form or information indicating that the individual is not suited for employment with the agency, the applicant shall be refused employment or, if already employed, shall be terminated.
 - (g) Orientation of the new employee shall be conducted by the human resources department. Training of the new employee is the responsibility of his or her supervisor.
- (8) All representatives of the agency should be aware that employment with the agency is "at will" and should exercise great care not to make any representations otherwise. Therefore, during the recruitment, hiring, and orientation process, no statement shall be made promising permanent or guaranteed employment, and no document shall be called a contract unless, in fact, a written employment contract is to be used.

- (9) When not prohibited by federal or state laws, the agency will employ a relative or cohabitant of an employee provided the individual possesses the usual qualifications for employment. However, those persons will not be given work assignments which require one to direct, review, or process the work of the other, or which permit one to have access to the personnel records of the other.
- (10) If one employee marries another, both may retain their positions if they do not work in the same department, are not under the direct or indirect supervision of each other, and neither occupies a position which has influence over the other's employment, promotion, salary administration, and other related management or personnel considerations.
- (11) Former employees who left the agency in good standing may be considered for re-employment. Former employees who resigned without adequate notice or who were dismissed for cause will not be considered for re-employment. A previously terminated employee who is re-employed will be considered a new employee from the date of re-employment unless the break in service is less than thirty days, in which case the employee shall retain accumulated seniority and other applicable benefits.
- (12) Members of the ICS Policy Council and Board of Directors are not eligible for employment with ICS as long as they are members of the council or board.

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. that all job applicants will be subject to employment investigations into their work backgrounds and personal references.

COMMENT:

(1) Only fully qualified individuals will be considered for employment by the agency. Applicants who have falsified information, omitted essential facts on their application, or whose work backgrounds and/or personal references are not satisfactory are not considered to be eligible for employment. If employed and it is subsequently discovered that information was falsified or omitted, the employee is subject to immediate discharge.

(2) Prior to employment by the agency, all job applicants must declare in writing all:

(a) Pending and prior criminal arrests and charges related to child sexual abuse and their disposition;

(b) Convictions related to other forms of child abuse and/or neglect; and

(c) Convictions of violent felonies.

(3) Prior to employment, a state and national criminal record check will be made on all prospective employees, to the extent permitted by state law and available funds.

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. to require a physical examination for its employees under certain circumstances. The objectives of this program are to hire people in good health so that satisfactory work performance may be maintained, to help new employees recognize disabilities so that early correction may be obtained, and to help employees start an effective health program on their own.

COMMENT:

- (1) The human resources department of the agency is responsible for the administration of this program.
- (2) The human resources department will determine the extent and nature of the physical examination required, if any, based on the prospective and/or current employee's job and prior history.
- (3) Federal and state laws, where applicable, take precedence over agency policies. Where federal and state laws are not prohibitive, it is the agency's policy that every individual shall, as a condition of new and/or continued employment, pass a physical examination upon request of the agency's executive director and/or human resources director.
- (4) It is a condition of new and/or continued employment that center employees shall complete a Communicable Disease History Survey for Child Care Center Employees in accordance with State Board of Health requirements.

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. to hire individuals who are qualified or trainable for employment as determined by applicable federal and/or agency standards of physical fitness, education, experience, aptitude and character. All decisions regarding the recruitment, selection, and placement of employees are made solely on the basis of job-related criteria.

COMMENT:

- (1) Every effort is made to place new employees in positions which best utilize their abilities and in which they will be able to achieve both personal satisfaction and opportunity for growth.
- (2) Positions authorized on the agency's staffing chart are divided, according to status, as either exempt (salaried personnel are not covered by wage and hour laws), or non-exempt (hourly or clerical personnel covered under wage and hour laws).
- (3) Jobs having similar or equal performance requirements are classified by categories. Each job classification has been assigned a wage according to the agency's labor grade and salary schedule. In compliance with the agency's wage comparability policy, such compensation will not exceed the wage or salary payable to persons providing substantially similar services in the area where the program is being carried out.
- (4) All jobs and classifications are reviewed annually and scheduled modifications or classification adjustments, if any, will be recommended by the executive director to the agency's board of directors and policy council.
- (5) Job descriptions have been developed listing the major duties and responsibilities of each position. Many include specific performance levels and all reflect minimum qualifications for the described position. Each employee is provided a copy of his/her job description during orientation by the human resources department with additional copies kept in the human resources director's office.
- (6) The agency tailors its recruitment to obtain personnel particularly well suited to dealing with Head Start enrollees. The agency actively seeks to find employees with such personal traits as:
 - (a) A willingness, awareness, and sincere desire to work with young children;

- (b) An ability and willingness to serve or perform in functions other than their specific job;
 - (c) An understanding of the diverse cultures and backgrounds of the Head Start population;
 - (d) Personal integrity and a personality which can serve as role-models for the children;
 - (e) Experience that is both positive and relevant to the training of children who come from various ethnic backgrounds; and
 - (f) Experience in other early childhood education programs.
- (7) In order to recruit the type of personnel who can relate to and serve as models for young children, consideration is given to applicants both with and without extensive academic training. An academic degree is not the final hiring determinant if other qualifications have proven to be more relevant to successful job performance.
- (8) Experience and other attributes are weighed in making the final selection. All hirings, however, must comply with the respective job criteria specified on the position descriptions, and final approval must be given by the agency's policy council.

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. to maintain established guidelines relative to employee classification that adhere to the provisions of the Fair Labor Standards Act.

COMMENT:

- (1) EXEMPT EMPLOYEES: Employees whose duties are of an executive, administrative, professional, or outside sales nature, and who meet the legal requirements of the Fair Labor Standards Act. These employees are exempt from the normal overtime and minimum wage requirements of the Fair Labor Standards Act. A "Checklist for Exemption" form should be completed to determine if a position is exempt.

Although the exempt employee is not eligible for overtime pay, there are certain privileges which are recognized:

- (a) Compensation for service on a salary basis as indicated in CFR 29541.602.
 - (b) Independent judgment and discretionary decision making.
 - (c) Salary and leave banks are not docked for part-day absences.
- (2) NON-EXEMPT EMPLOYEES: Employees whose duties are not of an executive, administrative or professional nature, and who are covered by the legal requirements of the Fair Labor Standards Act. These employees are eligible for overtime pay and must be paid at least the minimum wage.

- (4) PART-TIME: Employment in an established job requiring less than 30 hours per week.
- (5) TEMPORARY: Employment in a job established for a specific period of time or for the duration of a specific project or assignment. The status of a temporary employee who has been employed longer than ninety days shall be reviewed for possible reclassification as a full-time employee, unless one of the following conditions is met:
- (a) The employee has an irregular schedule (does not work every week), or is "on call" (for example, a substitute teacher).

- (b) The term of employment is for a specified period of time or a specific project of longer duration than ninety days.

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. to conduct orientation and training programs to familiarize employees with the agency and to enable them to learn their assigned jobs and to develop the skills required for efficient job performance.

COMMENT:

- (1) An orientation program will be conducted for all newly hired employees. The primary purpose of the orientation program is to acquaint new employees with agency rules and policies. Additional subjects to be covered and the scheduling of the programs shall be determined by the human resources department.
- (2) Employees will be required to participate in continuing education and training programs when such instruction is considered necessary for satisfactory job performance.
- (3) Supervisors will be responsible for on-the-job training involving new methods, systems, techniques, and equipment.
 - (a) Employees assigned as on-the-job trainers will be provided with instructional aids.
 - (b) On-the-job training will be conducted during normal working hours.
- (4) A safety and health education/training program will be conducted for all employees. The program will stress accident prevention and on-the-job safety.
- (5) Special programs dealing with cost reduction, program improvement, compliance with government regulations, and other job related topics will be developed and conducted on an as-needed basis.
- (6) Supervisory and management development programs will be conducted for prospective and present supervisors and managers as the need exists and agency resources permit.
- (7) All agency-sponsored or conducted orientation and training programs will be evaluated as to the quality of the instruction, the content, and the results.
 - (a) Evaluation forms will be prepared and distributed by the training officer at the conclusion of each program.

- (b) Supervisors of employees participating in agency programs will be requested to evaluate the effectiveness of the program in terms of operating results.
 - (c) Participants in agency programs may be required to take tests to determine the extent to which they have learned the knowledge and skills being taught.
- (8) Certificates of completion will be awarded to all employees who successfully complete any agency-sponsored or conducted program.
- (9) Records will be maintained by the training officer of all training programs completed by each employee.

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. to require its employees to be examined by a physician whenever conditions make this desirable for the protection of the employees or the agency. In addition, all employees are required to have physical examinations annually during their employment if their job functions require them to have contact with children and/or food served to children.

COMMENT:

- (1) As a condition of employment, an applicant for employment may be required to pass a physical examination administered by a physician designated by the agency. (See Hiring) Physical handicaps or impairments will be noted on the applicant's permanent file, and such problems that could affect job performance will be reported to the human resources department.
- (2) Employees may be required to have a physical examination on other occasions, such as transfer or promotion, or whenever management determines that the interests of the agency and the employee will be served thereby.
- (3) Physical examinations administered at the request of management shall be paid for by the agency. The cost of physical examinations not made mandatory by this policy shall be paid by the employee and may be administered by a physician selected by the employee.
- (4) Written reports of medical examinations paid for by the agency are the property of the agency and shall be treated as confidential. However, records of such examinations will be made available to public agencies if required by law or regulation.
- (5) Employees returning to work from a sick leave or maternity leave of absence (see Leaves of Absence) may be required to have a physical examination to determine their capability to perform satisfactorily their regular work without endangering themselves or their fellow employees. Also, in order to limit possible abuses of paid absence policies, the agency reserves the right to have a doctor visit employees at home in order to examine them while they are absent because of illness or injury. (See Short-Term Absences)
- (6) When the agency requires a physician's report concerning an illness suffered by an employee (see Holidays, Short-Term Absence and Leaves of Absence), the examination shall be at the expense of the agency and performed by a physician selected by the agency. Employees who are not satisfied with the physician's determination may submit, at their

own expense, a report from a physician of their own choosing. In the event of conflicting opinions, the agency's physician and the employee's physician shall designate a third physician to examine the employee, and that physician's report shall be binding on both parties. The expense of the third examination shall be shared equally by the agency and the employee.

- (7) The agency maintains first-aid kits and other limited emergency supplies in the health aide or center administrator's office and on buses.
- (8) Employees who become ill on the job or suffer any work-connected injury, no matter how minor, shall report to their supervisor for first-aid treatment and/or recording of the incident. Time spent by an employee in waiting for and receiving such first-aid attention shall be considered hours worked for pay purposes. However, whenever possible, employees should notify their supervisor before leaving their work station for medical reasons.
- (9) Employees who are exposed to any unexpected occupational health hazard, such as toxic materials or fumes, are required to have a physical examination immediately after the exposure. The physician shall determine whether exposed employees require medical treatment, whether they may be permitted to continue on their jobs, or whether they should be assigned to other jobs. Employees whose job normally exposes them to health hazards shall be given periodic medical examinations to insure that such exposure does not result in any medical complications.
- (10) Employees who are seriously injured during the course of their employment shall be given immediate medical treatment and, if required, hospitalized. The employee's immediate supervisor, the safety officer, or any other member of management has the authority to have injured employees transferred to an outside medical facility for emergency medical treatment.

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC., that all new employees and all present employees transferred or promoted to a new job shall be placed on performance probation for a period of six months. Upon successful completion of the probationary period, the employee will be given regular status.

COMMENT:

(1) During the probationary period, the employee's job performance will be carefully observed by the supervisor. Weaknesses in performance or attitude shall be brought to the employee's attention in a manner appropriate for understanding and self-correction.

(2) After the first three months of the probationary period, the supervisor shall prepare a written evaluation of the employee's job performance. The evaluation should include a recommendation as to continuing the employee during the remainder of the probationary period. Copies of the evaluation shall be forwarded to the department head for review. After review, the department head will forward the evaluation to the human resources department for inclusion in the employee's personnel file.

(3) When a person who has been working as a substitute is employed, the 6-month probation period shall be waived provided the substitute has worked in that position on a regular basis for at least 6 months.

(4) New employees whose job performance is deemed by their supervisors to be unsatisfactory after reasonable efforts have been made to improve their performance, may be terminated at any time prior to completion of the probation period. A written evaluation shall be prepared by the supervisor and department head, plus a statement of actions taken to assist the employee in adjusting to the job. Copies of these evaluations shall be forwarded to the human resources department. New employees who are terminated during or at the conclusion of a probationary period have no rights of appeal. All hiring and firing must be approved by the agency's policy council.

(5) Transferred or promoted employees who are unable to perform satisfactorily on their new jobs during or at the end of their probation period shall be returned to their original jobs, if available.

(6) If the results of the medical examination or background investigation indicate that a new employee is not suited for employment with the agency, then the employee will be

terminated. New employees who are terminated during or at the end of the probationary period are not eligible for severance pay.

(7) New employees who successfully complete the first three months of the performance probationary period shall be eligible for all agency benefits such as annual leave, sick leave, participation in the health insurance and retirement programs, and protection under the Family and Medical Leave Act.

(8) An employee will be granted regular status only after the period of probation has been satisfactorily completed.

(9) Any regular employee may be placed on probation for up to three months when his or her performance has deteriorated and the supervisor believes it is necessary to impress upon the employee the need for improvement. Employees who improve satisfactorily during the probation may be restored to regular status. Failure to gain a performance rating of satisfactory or better during probation may result in transfer to another job more suited to the employee's capabilities or in termination.

(10) Regular employees who have been placed on probation are eligible for paid holidays but may not take any vacation days during the probation period.

(11) Probationary employees are not entitled to the grievance or appeal procedures (Sections 904:2, 905:1).

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. to promote from within when possible. When vacancies occur, employees in the service area where the vacancy exists will be given priority for the position. If the vacancy is not filled by human resources within the service area, other qualified applicants will be considered for filling the vacancy.

COMMENT:

- (1) Job vacancies will be publicized internally by posted announcements on bulletin boards in the centers and central office. The announcement will give the position and qualifications.
 - (a) Employees who desire to apply for a particular job must notify the human resources department in writing within the time period specified by the initial posting of announcement of the job opening.
 - (b) Supervisors and department heads may recommend employees for consideration as candidates for promotion.
- (2) The records of all candidates will be reviewed and updated by the human resources department to insure that they are current and complete.

 - (b) It is the responsibility of the department head to recommend the most qualified applicant for the position.
- (4) In selecting the most qualified applicant for promotion, the following factors will be considered:
 - (a) Ability to perform the work with a normal period of training, as determined by the employee's education, experience, and past performance;
 - (b) The employee's health and general physical fitness; and

- (c) The employee's seniority.
- (5) Management may use all or any combination of less than all, of the following methods to evaluate employees for promotion:
- (a) Attendance and work records;
 - (b) Performance appraisals;
 - (c) Job-related tests; and
 - (d) A medical examination arranged by the human resources department.
- (6) Employees selected for promotion will be placed on probation for a period not to exceed six months.
- (a) Promoted employees will be given training in their new job.
 - (b) They will retain their former job seniority until they have satisfactorily completed the probationary period in the new job.
 - (c) They will be compensated at the minimum rate of pay for their new job during the probationary period, or if their existing rate is above the minimum for the new job, the employee will be assigned a rate of pay which is at least equal to the next appropriate step in the salary grade for the new job.
- (7) At the end of the probation period, the supervisor and department head will prepare a written evaluation of the promoted employee's job performance with a recommendation as to the employee's status in the new position. Copies of the evaluation will be forwarded to the human resources department.
- (8) A promoted employee successfully completing the trial period will be assigned regular status in the new position as his or her regular job.
- (a) The employee will be given a rate of pay within the salary range for the new job which is commensurate with his or her performance level.

 - (d) The promotion will be publicized.
- (9) If the promoted employee proves incapable of holding the position, he or she shall be reinstated to the former job without prejudice or loss of any rights or privileges,

and assigned to his or her prior rate of pay, if a vacancy exists and management recommends the reassignment.

- (10) No employee will be permitted to apply for promotion to a new position until he or she has been in the present job for a minimum of six months.

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. to transfer employees from one job to another, either at their own request or as a result of a decision by management, when feasible and in the best interest of ICS.

COMMENT:

- (1) Reasons for transfer may include, but shall not necessarily be limited to, fluctuation in department workloads or production flow, the more efficient utilization of personnel, increased career opportunities, personality conflicts, reasons of health, and personal situations which may require temporary or permanent relocation.
- (2) Temporary transfers may be made for periods of up to three months. They may be extended for an additional three months when the reasons for the original transfer continue to be applicable.
- (3) An employee's eligibility for transfer is determined by the requirements of the new job. In addition, an employee must have been performing in a satisfactory manner in his or her current job prior to the request for transfer.
- (4) Employees are considered as candidates for transfer in the following order:
 - (a) Eligible employees in the same department as the job opening;
 - (b) Eligible employees in other departments who have submitted requests in accordance with this policy to transfer to or to be considered for job openings in the particular department; and
 - (c) Eligible employees who are being considered for termination due to a reduction in force in their present position or due to the elimination of their jobs.
- (5) When an employee desires a transfer to another job, the following procedure will be followed:
 - (a) The employee will submit a written request for transfer to his or her department head. The request must include the reason for the desired transfer. If the employee desires a transfer to a specific job, this also must be included in the

request. The department head will forward the request to the human resources department, recommending approval or disapproval.

- (b) The human resources department will determine whether the desired job or a suitable job opening exists. If a suitable job is available, the human resources department will arrange an interview between the employee and the head of the department in which the job opening occurs.
 - (c) Employees will be notified by the human resources department of the date and time scheduled for job interviews related to transfers.
 - (d) The decision whether to affect the transfer will be made by the head of the department in which the job opening occurs, with the concurrence of the human resources department.
- (6) When the employee desires a transfer to another agency location, the above procedures will apply except that the employee will be required to pay for all travel expenses going to the desired location for job interviews. The time off with pay will be limited to one day unless additional interviewing time is requested by the head of the department considering the request.
- (7) Transferred employees, who are not on temporary transfer, will be given up to six months as a probationary period. During this period they will be assisted in adjusting to their new jobs. Unsatisfactory performance will be cause for returning a transferred employee to his or her regular job, if available, or termination, if appropriate.
- (8) Transferred employees will retain their existing job seniority until satisfactorily completing their probationary period. The existing seniority will be transferred to the new job after the employee satisfactorily completes the probationary period.
- (9) An employee who is transferred to a comparable-paying job will continue to receive his or her existing rate of pay.
- (10) An employee who is transferred to a higher paying job will be paid at the higher rate effective as of the date of the transfer.
- (11) An employee who is transferred to a lower paying job on the initiative of management will continue to be paid at his or her former job rate for the period of temporary transfer, not to exceed thirty days, if funds are available. The employee will be paid at the regular rate of his or her new job as of the date the transfer is confirmed as a regular assignment.
- (12) An employee who requests a transfer to a lower paying job will be paid at the lower rate upon commencing the new job.

- (13) When more than one employee requests a transfer to the same position, the determining factors in selecting the employee to be transferred will be the same as stated in Policy 211:1 Promotion, Comment (4).

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. to establish working hours as required by workload and production flow, client service needs, and the efficient management of personnel resources.

COMMENT:

(1) The normal workweek shall consist of forty hours. The workweek is from Sunday through Saturday.

(2) The normal workday shall consist of eight consecutive hours of work with an unpaid meal period. Rest or coffee breaks are considered as time worked. The schedule of hours for employees shall be determined by the department to which they are assigned. Employees shall be informed of their daily schedule of hours of work, including meal period and rest or coffee breaks, and of any changes deemed necessary by the agency.

(3) Employees may be required to work overtime whenever it is deemed necessary by their supervisor. Overtime shall be assigned by a supervisor to employees in the particular job for which overtime is required. No employees shall be permitted to work overtime without the prior approval of the executive director. For the purposes of overtime compensation, only hours worked in excess of forty during a workweek shall be counted.

(4) All non-exempt employees (those employees subject to the minimum wage and overtime provision of the Fair Labor Standards Act) are required to complete an individual time sheet/card showing the daily hours worked. Time sheets/cards shall cover two work weeks and shall be completed at the close of each workday. Procedures for filling out time sheets/cards are as follows:

- (a) Non-exempt employees are responsible for completing their own time sheets/cards and shall record their starting time, quitting time, and total hours worked for each workday.
- (b) Non-exempt employees are not permitted to sign in or commence work more than fifteen minutes before their normal starting time or stop work later than fifteen minutes after their normal quitting time without the prior approval of their supervisor under normal circumstances.

- (c) All employee time sheets/cards shall be signed and checked by the supervisor involved. Unworked time for which an employee is entitled to be paid (paid absences, paid holidays, or paid vacation time) shall be entered by the supervisor on the time record. Authorized overtime also shall be identified by the supervisor.
 - (d) Any changes in hours worked on a time sheet/card must be discussed with the employee prior to sending time sheet/card to the payroll department. Any changes should be initialed by the employee.
 - (e) Unapproved absences shall not be considered as hours worked for pay purposes. The supervisor shall inform the employee if he/she will not be paid for certain hours of absence.
 - (f) Filling out another employee's time sheet/card or falsifying one's own time sheet/card is prohibited and may be grounds for disciplinary action, including termination.
- (5) Exempt employees are responsible for signing in on the sign-in sheet on a daily basis, indicating vacation/annual leave, sick leave, holidays, or any other time off. Exempt employees are not eligible to receive overtime compensation.

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. to allow its employees to hold second jobs, subject to certain restrictions as outlined below. Outside employment for full-time employees is not encouraged, however, and the prior approval of the executive director must be obtained before any outside employment or work activity is undertaken.

COMMENT:

- (1) The agency recognizes the right of its employees to spend their non-working time away from the job as they please. However, Institute of Community Services, Inc. does require that activities away from the job must not adversely affect the employee's job performance or compromise the agency's interests.
- (2) An employee may engage in outside employment as long as the employment will not:
 - (a) Reduce the employee's efficiency in working for the agency;
 - (b) Involve working for an organization which is a competitor of the agency or which does a significant amount of business with the agency, such as major contractors and/or suppliers; or
 - (c) Adversely affect the agency's image in the community.
- (3) All employees are expressly prohibited from engaging in any activity that competes with the agency or compromises its interests. This prohibition includes performing any services for clients on non-working time that are normally performed by agency personnel, the unauthorized use of any agency premises or property, including vehicles, machinery, tools or equipment, and the unauthorized use or application of any confidential agency information or techniques. In addition, employees are not to conduct any outside business during paid working time.
- (4) Employees who have accepted outside employment are not eligible for paid sick or personal absence when the absence is used to work on the outside job or as the result of an injury sustained on the second job.

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. to supplement the regular work force with temporary or part-time employees when necessitated by periods of peak work load, employee absences, or other situations as may be determined by management.

COMMENT:

- (1) A temporary employee is an individual who is hired full time for a limited period, such as a month. A part-time employee is an individual who is hired for an indefinite period but who works less than the normal work week.
- (2) Requests for temporary or part-time employees should be submitted to the human resources department by department heads.
- (3) Should the request for temporary or part-time employees appear justified, the human resources department shall attempt to satisfy such request by the temporary transfer of employees from another department. If it is necessary to hire additional personnel from outside the agency, the agency's established hiring procedures shall be used. In some situations, it may be necessary to fill positions before the policy council can meet to approve such. In these cases, the executive director is authorized to employ staff pending final approval by the policy council.
- (4) An employee who is transferred temporarily to a higher paying job will be compensated at the rate of the new job. An employee who is transferring temporarily to a lower paying job will continue to be paid at his or her existing rate for as long as the temporary transfer is in effect. If the employee has not been returned to his or her regular job at the end of thirty days from the date of the temporary transfer, the human resources department shall review the situation and either return the employee to his or her former position, extend the period of temporary transfer, or make the transfer permanent.
- (5) Temporary employees shall not be eligible for paid absences, annual leave, sick leave, and/or holidays. An employee whose status changes from full time to temporary may use any days of paid absence or annual leave earned as full-time employee. An employee whose status changes from temporary to full time shall be considered as hired on the date of change of status for purposes of eligibility for paid absences and annual leave.

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. to make offers of employment and promotion in good faith and to stabilize employment so that employees may be provided with regular and continuous work. However, recognizing that reductions in force cannot always be avoided since they are usually made necessary by external factors beyond management's control, it is the intent of the Institute of Community Services, Inc. to administer such reductions in a manner that is fair, equitable, and without discrimination because of race, color, religion, sex, age, handicapping condition, or national origin.

COMMENT:

- (1) In the event that a reduction in the work force becomes necessary or a reallocation and/or reduction of available funds occurs requiring the modification and/or elimination of existing positions, management will attempt to carry out the necessary reductions in an equitable manner, using objective policies and procedures to safeguard the rights of employees.

Whether there will be specific jobs eliminated or a general, agency-wide reduction in force will be determined according to a number of factors:

- (a) A reduction in force may be caused by lower funding levels.
- (b) A reduction in force may be caused by a need to improve program quality.
- (c) A reduction in force may be caused by a reduction in enrollment.
- (d) A reduction in force may be caused by a need to improve program efficiency.

Management may choose to group employees that are to be affected by a reduction in force according to the service area of their work responsibilities.

It is management's responsibility to identify the groups to be affected by a reduction in force. However, all reductions in force must be approved by the Policy Council and Board of Directors.

- (2) The primary considerations for retention of individuals affected by a reduction in force shall be performance and length of service. Job seniority shall be the primary determinant only if the performance of the affected employees is relatively equal.

- (3) When business conditions necessitate a reduction in force, the agency shall:
 - (a) Attempt to arrange transfers, either to another position or to another location for all employees who are affected.
 - (b) Use the human resources department to assist those employees adversely affected to obtain other employment.
- (4) When specific jobs are eliminated or a general reduction is necessary, the executive director, the department head, and the human resources director shall review the complete records of those in the affected work groups and determine who is to be displaced, considering the following factors:
 - (a) The specific work which must be continued by the program.
 - (b) The flexibility of employees as determined by the transferability of their skills, training, knowledge, and experience to essential work.
 - (c) The quality of performance of the individuals as documented by formal performance appraisals and their overall work record.
 - (d) Seniority, if work record and performance evaluations are equal.
- (5) If there is no distinguishable difference in the performance of incumbent employees affected by modification and/or elimination of existing positions, individuals in the adversely affected group shall be selected for termination in the following order:
 - (a) Temporary employees;
 - (b) Employees who have not completed the probationary period;
 - (c) Part-time employees;
 - (d) Regular, full-time employees with the least seniority.
- (6) Supervisors shall give notice to affected employees at least two weeks before the effective date of termination. In addition to notice, supervisors shall inform employees of the reason for the termination and refer the individual to the human resources department for outplacement assistance.
- (7) Employees terminated pursuant to a reduction in force without notice shall be paid two weeks pay in lieu of such notice.

- (8) Unless the reduction in force is designated as being permanent, recall to positions for which employees may be qualified shall be made of full-time employees within one year from date of reduction before employment of others.
- (9) Employees who are recalled within the one year time period shall be reinstated with no break in service. If re-employed after the one year time period or after a permanent reduction, there shall be a break in service and the employment shall start over.
- (10) Recall decisions will be based on the same factors as used in determining which jobs are displaced.
- (11) Employees will be recalled in the reverse order of layoff or termination. Notice of recall shall be sent by registered mail, return receipt requested, to the most current home address furnished by the employee to the human resources department.
- (12) Seniority and length of service credit for retirement benefits will continue to accumulate during any layoff of thirty days or less. Employees laid off for more than thirty days and subsequently recalled within one year from the date of layoff shall be credited with the years of service and seniority accumulated at the time of layoff.
- (13) No annual leave days or days of paid absence will be earned during layoff. When an employee returns to work following recall, however, he or she may use any annual leave or days of paid absence accumulated at the time of layoff.
- (14) If the employee so requests, annual leave pay equal to the number of days earned during the program year, minus the number of days taken, will be paid at the time of layoff. Annual leave accrued from prior years will be paid only if prior management approval has been obtained. (See Annual Leave.)
- (15) Any reduction in force must be authorized by the Policy Council and Board of Directors. If the reduction in force requires a work program change, it must be approved by the regional office prior to implementation.
- (16) The employees who are terminated by a reduction in force must be notified in writing of their termination and their right to appeal under the agency's appeal procedure. (See 905:1.)

POLICY:

INSTITUTE OF COMMUNITY SERVICES, INC. has established certain conditions under which employees may be removed from the agency's payroll and the agency has developed standard procedures to be followed when it becomes necessary to terminate employees.

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. to terminate employment because of an employee's resignation, discharge for cause, retirement, release for the good of the agency, or as a result of a permanent reduction in the work force. Discharge can result from employee misconduct or unsatisfactory job performance.

In the absence of a specific policy or written agreement to the contrary, employees are free to resign at any time, and the agency reserves the right to terminate employment for any business reason. All recommended involuntary terminations of agency employees must be approved by the agency's Policy Council to be effective.

COMMENT:

- (1) All employees are expected to give written notice of their intent to resign.
 - (a) All employees are expected to give two weeks' written notice.
 - (b) Failure to give the required notice may result in forfeiture of accrued annual leave and ineligibility for re-employment.
- (2) Employees terminated because of a permanent reduction in the work force will be given advance notice of the termination or pay in lieu of the notice. The notice period will be the same as for resignations.
 - (a) Prior to the termination, the agency will make a reasonable effort to transfer or relocate affected employees.
 - (b) Outplacement services will be made available to those employees terminated by a reduction in force.
 - (c) Accrued annual leave pay up to the date of the termination will be paid to employees terminated by a reduction in force.

- (3) Any employee who is absent from work without prior approval or without having notified the immediate supervisor of his or her absence or the reason for it will be considered as having resigned after the third consecutive day of absence.
- (4) All recommended terminations must be approved in advance by the executive director. The personnel committee of the Policy Council will review and approve or disapprove all terminations recommended by the executive director. The action of the personnel committee must be forwarded to the Policy Council for final approval or disapproval. Supervisors will forward notices of resignation or termination notices to the human resources department. These will be accompanied by a written performance appraisal or evaluation for each employee involved.

An employee who is not satisfied with the decision of the executive director should refer to the Appeal Procedure, Section 905:1, Step 6.

- (5) The human resources department will conduct a termination or exit interview not later than the employee's last working day. During the interview, the human resources department will:
 - (a) Attempt, if the termination is voluntary, to accurately determine the reason(s) why the employee is leaving so that, where appropriate, action can be taken to correct any problems that come to light;
 - (b) Discuss, if the termination is involuntary, the circumstances leading to the termination so that misunderstandings and hard feelings can be minimized;
 - (c) Explain any conversion benefits under the agency's group insurance plans and any other vested benefits available to the employee under the agency's benefit plan (COBRA);
 - (d) Determine the employee's availability for future employment, if the supervisor's written evaluation indicates eligibility for re-employment;
 - (e) Obtain the correct address for mailing Internal Revenue Service Form W2; and,
 - (f) Remind the employee to take with him or her any personal belongings.
- (6) A written report of the termination interview will be prepared and placed in the employee's personnel file. Pertinent items requiring managerial review and possible change of policy will be brought to the attention of the executive director.

- (7) The human resources department will be responsible for the return of all agency property, including books, manuals, identification cards and keys, from terminated employees.
- (8) If any agency property in the employee's possession has been lost or damaged, the cost of replacing such property shall be deducted from the employee's final pay check. However, in the case of non-exempt employees, the amount deducted shall not reduce the employee's earnings for the final pay period below the current minimum wage.

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. that employees are eligible for normal retirement on the first day of the month following the month in which they reach age sixty-five. Employees, with certain exceptions, who desire to continue working past age sixty-five may do so provided their job performance is satisfactory. Eligible employees may elect early retirement on the first day of the month following the month in which they reach age fifty-five or 25 years of service, whichever occurs first, or at such time that they become permanently disabled, by submitting written notice to the human resources department.

COMMENT:

- (1) Upon qualifying for retirement under this policy, an employee becomes eligible to receive benefits in accordance with the provisions of the agency's employee benefit plans. Employees retiring are eligible to receive pay for accrued annual leave. (See Annual Leave)
- (2) The agency provides retiring employees with a special gift as a small token of its appreciation for long service. The value of the gift is based on the employee's length of service at retirement. Gifts will be presented at an appropriate retirement ceremony.
- (3) Retired employees are welcome at all agency employee social functions.

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. to pay wages and salaries which are based upon the nature of the job performed and which are competitive with rates being paid for similar work by other employers in the community. Salary increases are intended to reward above average job performance and are not given on the basis of length of service alone.

COMMENT:

- (1) The management committee has been appointed to review all wages and salaries on a continuing basis. It is the responsibility of the committee to determine whether existing salary ranges are competitive and whether the salaries of individual employees accurately reflect their job performance and responsibilities. Merit increases for individual employees and adjustments to the salary ranges will be approved by the committee as appropriate.
- (2) New employees generally are hired at the minimum rate assigned to their job. Supervisors may recommend higher starting rates based on the employee's experience or education. These recommendations will be reviewed by the appropriate department heads and the agency's management committee.
- (3) Supervisors may recommend salary increases for their employees in conjunction with regular performance appraisals. (See Probation and Performance Appraisals.) Recommendations for salary increases will be reviewed by department heads and forwarded to the agency's management committee, if approved.
- (4) Wage and salary surveys will be conducted by the human resources director as appropriate and/or upon request of the agency's executive director or management committee. The surveys are conducted among area companies as well as competitors. The data obtained from these surveys form the basis for the management committee's recommendations for rate range adjustments, if funds are available for such adjustments.
- (5) Cost of living adjustments will be taken into consideration by the agency if and when funds become available for such increases and/or when the agency conducts wage and salary surveys. There will be no automatic cost of living adjustment.

- (6) Special bonuses or rewards may be given to employees of the agency. Rewards may be based on the employee's level of performance or other special criteria established by the agency. Each employee shall receive the same monetary value across the board.
- (7) The pay period for the agency shall be for a two-week period of time. The checks are issued two weeks after the end of each pay period. Pay periods end on Friday.
- (8) On each payday, employees will receive a statement showing gross pay, deductions, and net pay. City, state, federal and Social Security (FICA) taxes and employee contributions to the agency's benefit plans will be deducted automatically. Deductions for the payroll savings plan and similar purposes will be made if the employee submits a request in writing to the human resources department.
- (9) Overtime compensation will be paid to non-exempt employees who work in excess of forty hours during the normal workweek at one and one-half times their regular hourly rate, or compensatory time of one and one-half for every hour over forty.

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. that the job performance of each employee shall be evaluated periodically by the employee's supervisor.

COMMENT:

- (1) The performance appraisal consists of a written evaluation of the employee's job performance and a personal discussion with the employee. Information derived from the performance appraisal will be used to determine the employee's eligibility for merit pay increases, promotion and/or transfer, as well as to identify the training needs of the employee.
- (2) Performance appraisals shall be completed upon the following occasions:
 - (a) After the first three and six months of employment with the agency or in any new position or change in job position;
 - (b) Performance appraisals shall be completed at the end of the program year for the office staff and at the end of the school year for center staff.
 - (c) When the employee is transferred or promoted to a new position;
 - (d) When the employee's supervisor changes positions or leaves the agency; and
 - (e) At the time of the employee's termination.

Except in the case of probation or termination, if a performance appraisal has been completed on the employee within one month prior to one of the above occasions, a new appraisal need not be completed.

- (3) Supervisors are encouraged to keep informal records of significant events concerning the job performance of individuals under their supervision. Records of this kind can be very helpful in preparing a performance appraisal because they enable the rating supervisor to evaluate the job performance of the employee on the basis of written information compiled between appraisals, rather than having to rely on memory.

- (4) The job performance of each employee shall be evaluated on the basis of the job description and performance measures established by the agency. Factors to be considered in the performance appraisals include quantity and quality of work and promptness in completing assignments.
- (5) When completing written evaluations of employee job performance, supervisors should make every effort to avoid the following common errors that can distort the rating process:
 - (a) Rating the evaluation on the employee's most recent behavior instead of evaluating the whole performance period;
 - (b) Allowing irrelevant factors such as physical appearance, social standing, or personal habits to influence the evaluation;
 - (c) Failing to include unfavorable comments on the evaluation even though justified;
 - (d) Rating all subordinates at about the same point on the scale--usually the middle; and
 - (e) Allowing one characteristic of the employee or aspect of his or her job performance to distort the rating process.
- (6) Following completion by the supervisor, each written evaluation shall be reviewed by the appropriate department head to assure objectivity and fairness. After review of the written evaluation has been completed by the department head, the supervisor shall discuss the evaluation with the employee. The discussion should cover both the employee's accomplishments and shortcomings so that positive aspects of his or her job performance are reinforced and unsatisfactory performance is targeted for improvement.
- (7) At the time of the discussion with the supervisor, the employee shall be given the opportunity to examine the written evaluation, correct inaccuracies, and make written comments concerning any aspect of the evaluation. The written evaluation shall then be forwarded to the human resources department for inclusion in the employee's personnel file.
- (8) If the written evaluation contains an unfavorable comment or rating which the employee believes is unfair or unjustified, and the matter has not been resolved to the employee's satisfaction during the discussion with the supervisor, the employee may take further action by using the agency's regular grievance procedure.
- (9) Nothing contained in this policy should be construed to prohibit or discourage supervisors from discussing an employee's job performance with the employee on an informal basis whenever the need to do so arises.

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. to adopt a job evaluation plan to measure all jobs and to establish labor grades or classifications. Rates of pay are set for each labor grade or classification on the basis of internal and external salary surveys.

COMMENT:

- (1) A written job description is prepared for each job in the agency. Job descriptions are evaluated in terms of knowledge and skill required and impact on operations.
- (2) Labor grades or classifications are established by the agency and a salary range is assigned to each grade or classification. The salary range provides for a spread from a minimum to a maximum rate, and permits employees in any labor grade to be compensated at different rates of pay based on merit, length of service, experience, or individual productivity.
- (3) The management committee has been authorized to review and comment on the job evaluation plan. The responsibilities of the management committee include:
 - (a) Periodically reviewing existing job descriptions to insure that they adequately describe the jobs;
 - (b) Handling all requests for re-evaluation of jobs as well as the evaluation of new jobs; and
 - (c) Making recommendations for adjustments in labor grades or classifications when justified by the re-evaluation.
- (4) All questions of comparable worth will be resolved by the management committee.

Prior approval of such travel, however, must always be obtained from the employee's department head.
- (2) Common carrier transportation shall be utilized for trips of two hundred miles or more, provided suitable scheduling is available. Employees are expected to exercise prudence in their selection of local transportation at their destination. For trips involving shorter distances, employees shall use an agency car or their own car. If employees wish to use their own cars for a trip of two hundred miles or more, the amount reimbursed shall not exceed the amount the trip would have cost had air transportation been used.
- (3) All employees normally shall travel coach or economy class and shall stay and eat in moderately priced establishments while traveling on agency business.
- (4) Time spent by an employee in traveling away from home on agency business during normal working hours shall be considered hours worked for pay purposes, regardless of whether such travel occurs on regular working days or on Saturday or Sunday.

- (3) Agency vehicles are not to be applied to an employee's personal use.
- (4) The cost of gasoline or other expenses directly related to an agency-owned vehicle paid for by the employee will be reimbursed by the agency. Employees who use their own cars for agency business shall receive a mileage allowance not to exceed the authorized federal amount per mile to cover the cost of gasoline, oil, depreciation, and insurance. Also, expenditures for parking and tolls may be claimed in addition to the mileage. Claims for reimbursement must be approved by the employee's department head before they are submitted to the accounting department for payment. Employee liability insurance coverage for an automobile used on agency business must be adequate to cover damage to the vehicle, other property damage in the event of an accident, and injuries sustained by individuals as a result of the accident. Coverage must be sufficient to meet or exceed the state's minimum requirements. ICS will not reimburse employees for travel on agency business unless the employee has provided proof of liability insurance coverage. Failure by an employee to have liability insurance as required by state law may result in employment termination.
- (5) Every employee whose duties require the operation of an automobile on agency business shall be required to possess a valid driver's license. Any fines incurred as a result of driving or parking violations shall be paid promptly by the employee.

- (6) Time spent by an employee in driving an agency or personal vehicle on agency business during normal working hours shall be considered hours worked for pay purposes.

Such report must be made to the transportation supervisor within forty-eight hours of the accident. In the event of an accident, employees are expected to cooperate fully with the authorities. However, employees should make no voluntary statements other than in reply to questions of investigating officers.

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. to encourage its employees to become members of non-partisan community and civic organizations.

All employees are encouraged to seek membership in such clubs and organizations regardless of whether they are eligible for reimbursement of expenses under this policy.
- (2) An employee may propose membership in a non-partisan community or civic organization as an agency membership. Such a request must be approved by the employee's department head and submitted to the human resources department for review and recommendation to the executive director. If the agency has a membership in a non-partisan community or civic organization, an employee may be reimbursed for travel expenses associated therewith based upon the following considerations:
 - (a) The nature and purpose of the program or organization;
 - (b) The benefit to be derived by the agency from the employee's participation;

These activities will be conducted in as discreet a manner as possible to avoid personal embarrassment.
- (3) Visits to the agency by friends and acquaintances of employees are not encouraged, and personal visitors are not permitted in work areas. Should it be necessary for a friend or relative to see an employee during working hours, the individual must wait in the lobby or in the center administrator's office until it is convenient for the employee to see the individual.
- (4) The agency may be entered outside of normal working hours only by employees who have been authorized to do so by their supervisor.
- (5) The agency will attempt to protect employees and their property while on the agency premises. Unauthorized possession of property belonging to another employee or visitor will be considered a breach of agency security and will subject the employee to disciplinary action.
- (6) The agency will assume no responsibility for employee losses resulting from robbery or theft while away from the premises on agency business. It will, however, take all proper steps to work with the authorities to obtain the release of any employee or client kidnapped or held hostage during or after working hours. However, unauthorized absence or tardiness is not tolerated and may result in disciplinary action.

COMMENT:

KEY POINTS IN THE ATTENDANCE POLICY

- (1) The terms "excessive" and "chronic" shall be interpreted to mean the following:
 - (a) Three or more consecutive occurrences in a consecutive seven day period; or
 - (b) Six or more non-consecutive occurrences in a calendar month; or
 - (c) Twelve or more non-consecutive occurrences in a six month period of time.
- (2) An employee reporting late for work is tardy. Tardiness occurs when the employee has not arrived within fifteen minutes after the scheduled starting time. Chronic and/or repeated late arrival for work, without acceptable reasons, may be cause for appropriate disciplinary action.
- (3) An absence is the failure of an employee to report for work prior to or within sixty minutes of the starting time the employee is scheduled to work.
- (4) An excused absence occurs when an employee notifies the supervisor of absence prior to or within sixty minutes of the employee's scheduled starting time and/or permission is granted by the supervisor for reasons of personal illness, death in the family, sickness in the employee's immediate household, vacation or other such causes as qualify for paid short-term absence.
- (5) There are no specific disciplinary procedures for excused absences until they become chronic.

- (6) An unexcused absence occurs when an employee fails to notify the supervisor of an absence prior to or within sixty minutes of the employee's scheduled starting time and/or approval is not granted by the supervisor.
- (7) Three consecutive days of unexcused absence will be cause for termination and shall be treated as voluntary termination. If unexcused absences become excessive or chronic, the employee will receive a written reprimand and the next occurrence of an unexcused absence may result in termination.
- (8) Each department head or supervisor will maintain attendance records on each subordinate employee.
- (9) Reprimands for attendance become a part of the employee's personnel record for three years from the date of the last incident.
- (10) An employee's attendance record will be used in consideration of pay increases, promotion and other types of advancement.
- (11) **REMEMBER:** Employees should check with their supervisors when reporting late for work or when it is necessary to leave early. Frequent tardiness is sufficient cause for dismissal.
- (12) **ABSENCE/TARDINESS REPORTING**
 - (a) Getting to work regularly and on time is part of each employee's job. However, when illness keeps an employee at home or when an employee must be absent for some other good reason, the employee should call the supervisor as soon as possible but no later than sixty minutes after his or her normal starting time. If the employee is unable to call, the employee should have someone else call the supervisor. An employee's failure to report for work may result in disciplinary action, including possible termination of employment.
 - (b) If the employee knows in advance that he or she will be absent, the employee must notify the supervisor, who will approve reasonable requests for excused, short-term absence.
 - (c) Employees are encouraged to exhibit good attendance habits. Unauthorized absence or tardiness will not be tolerated and may result in disciplinary action.
 - (d) Each department head must report to the human resources department all absences that exceed one hour. Absences of less than one hour are considered late arrivals or tardiness. Tardiness need not be reported to the human resources department but must have the approval of the employee's immediate supervisor.

- (e) Absences are recorded on time cards or on special absentee report forms according to established procedures. When an employee's absence is not consistent with agency policy, payment for the time lost will be denied and such denial indicated in the employee's personnel file.

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. to provide lunch and rest breaks during the course of each workday for refreshment and relaxation. Although breaks are permitted and encouraged, the practice is a privilege and not a right.

COMMENT:

- (1) Full-time employees shall be allowed a lunch break of sixty minutes near the middle of the work day, and part-time employees shall be allowed a lunch break of thirty minutes before five consecutive hours are worked. In instances where employees must remain at their work location and continue to work during their lunch period, such time shall be considered as time worked.
- (2) In most cases, employees shall not be compensated for their lunch break. The duration and time of employee lunch break shall be scheduled by management with appropriate regard for the workload.
- (3) Each eligible employee shall receive a rest break of fifteen minutes at approximately the middle of every four hours of work not broken by a meal period. Time spent on rest breaks shall be compensated, and employees are not required to sign out and in on their time sheets/cards. The time for employee rest breaks shall be scheduled by each supervisor with appropriate regard for the workload.
- (4) Rest breaks should be taken in designated non-work areas. Employees should not visit fellow employees in other departments during rest breaks. Employees who choose to remain at work during rest breaks shall not be entitled to leave before normal quitting time.
- (5) Employees whose duties do not require them to leave the building in which they work are permitted to leave the premises during their lunch breaks.
- (6) Employees should not abuse their privileges by prolonging lunch and rest periods beyond the times specified by their supervisor.

 - (b) Warn the employee that a third violation will result in more severe disciplinary action; and
 - (c) Prepare and forward to the human resources department a written report describing the first and second violations and summarizing the action taken during the meeting with the employee.
- (13) Should additional violations occur, the supervisor shall take progressive disciplinary action as follows:
- (a) Issue a written reprimand or warning;
 - (b) Suspend the employee without pay for up to five working days; or

violations, indicating the timing between the violations, and summarizing the action taken and its justification.

- (14) In cases involving serious misconduct and/or major violations, such as violation of law, the procedures contained in comments (11), (12), and (13) above may be disregarded. The supervisor may recommend immediate suspension of the employee, and, if appropriate, recommend termination of the employee.
- (15) If a supervisor recommends that an employee be terminated a complete investigation of the situation shall be conducted by the human resources department and the employee shall be granted a direct appeal to the personnel committee of the Policy Council before a final termination decision is effective.
- (16) No employee benefits shall be paid or accrued to any employee while he or she is suspended from work.

 - (2) Second offense: Oral reprimand. Immediate supervisor shall bring the problem to the employee's attention in a friendly but serious manner.

- (3) Third offense: Written reprimand. Immediate supervisor shall discuss in a formal conversation with the employee the discipline or performance problems. The supervisor then summarizes the conversation in a memo to the employee.

 - (2) Second offense: Decision-making leave without pay if written reprimand was given for the first offense, otherwise discharge.
 - (3) Third offense: Discharge.

3. Major Violations

- (A) These types of problems present a serious and immediate threat to the operations of the agency or the safety and well-being of the individual or fellow employees. They represent actions which cannot be tolerated in any organization.
- (B) These types of violations shall result in the following action:
 - (1) First offense: Discharge.

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. to encourage employees to bring to the attention of their supervisors their grievances about work-related situations. Employees will be provided with an opportunity to present their grievances and appeal decisions by management through a formal complaint and grievance procedure. All grievances will be resolved fairly and promptly.

COMMENT:

- (1) A grievance is defined as an employee's expressed feeling of dissatisfaction concerning conditions of employment or treatment by management, supervisors, or other employees. Examples of action which may be causes of grievances include:
 - (a) Application of agency policies, practices, rules, regulations, and procedures believed to be to the detriment of an employee;
 - (b) Treatment considered unfair by an employee, such as coercion, reprisal, harassment, or intimidation;
 - (c) Alleged discrimination because of race, color, sex, age, religion, national origin, marital status, or any other non-merit factor; and
 - (d) Improper or unfair administration of employee benefits or conditions of employment such as annual leave, fringe benefits, promotions, holidays, performance review, salary, or seniority.
- (2) Employees must not under any circumstances be penalized for using the grievance procedure. Supervisors are responsible for insuring that the grievance is fully processed until the employee is satisfied with the decision or until the employee's right of appeal is exhausted.
- (3) Whenever an employee believes that he or she has a work-related problem, the employee should bring the matter to the attention of his or her supervisor. It is the responsibility of the supervisor to investigate the grievance, to attempt to resolve the grievance, and to communicate a decision to the employee within a reasonable time. If the employee is not satisfied with the supervisor's decision, then the employee should follow the appeal procedures as outlined in Policy 905:1.

REFERENCE: YOU MUST FIRST FOLLOW EITHER THE DISCIPLINARY OR GRIEVANCE PROCEDURE SECTIONS IN THIS MANUAL BEFORE REFERRING TO THESE APPEAL PROCEDURES.

POLICY:

The purpose of an adverse personnel action is to correct unacceptable employee conduct or performance, or if this fails, to remove the employee from the program.

Adverse actions may range from an oral reprimand to termination of the employee. It is extremely important for program managers to understand the purpose of each type of adverse action and the different situations in which each type of adverse action will be used. In taking an adverse personnel action against an employee, the burden of proof always sits with the supervisor taking the action.

The purpose of grievance appeal procedures is it allows and encourages employees to bring to the attention of their supervisor their grievances about work-related situations and to afford a formal appeal procedure for necessary resolution.

Supervisors must understand the meaning of "reasonableness of punishment." This means that the punishment must be tailored to the offense. For example, an oral reprimand, the mildest form of disciplinary action, may be all that is needed to correct a relatively minor conduct or performance inadequacy, whereas termination may be appropriate in such cases as child abuse in the classroom.

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC.

- (a) To insure that employees receive fair and equitable treatment;
- (b) To provide employees with an easily accessible procedure for expressing dissatisfaction; and
- (c) To foster sound employee-supervisor relations through communication and ultimate reconciliation of work-related problems.

The employee appeal procedure described herein has been established as a primary means of meeting these policy objectives.

Department heads and supervisors are responsible for making certain that employees under their jurisdiction have knowledge of and understand the appeal procedures and that employees feel free to use the procedures without fear of criticism or action being taken against them affecting their job security, wage progression opportunity, or chance for job advancement.

APPLICATION

This policy has application to all regular employees.

PROCEDURAL PROCESS

- (1) All time limits specified herein are working days. In the interest of prompt resolution of employee complaints, the action at each step on the appeal procedure should be taken as rapidly as possible, but no later than the prescribed time limit. In the event of extenuating circumstances, a time limit may be extended if notice is given to the employee that a time period cannot be followed.
- (2) Appeal hearings will be scheduled at mutually satisfactory times for Steps 1 through 5. Step 6 appeal will normally be scheduled the evening before the regularly scheduled Policy Council meeting. Step 8 appeal will normally be scheduled for the regularly scheduled Board meeting. Appeal hearings during regular work hours are considered compensable hours worked except in cases where the employee has been placed on suspension or terminated. When heard at times outside of the employee's scheduled working hours, appeal hearings are exempt from compensable hour rules.
- (3) An employee may have the assistance of the human resources department in preparing and processing a grievance at any step.
- (4) New grievance issues that were not raised in Step 1 may not be raised by either party to Steps 2 and 3.
- (5) A written summary of the complaint and facts and information accumulated should be made by the representative at each step and forwarded to the human resources department and to the next higher level in the appeal procedure, together with copies of the appeals and responses.
- (6) Information or testimony must be treated in a most discreet and confidential manner by all persons involved.
- (7) Due process requirements of notice and an opportunity to be heard shall be afforded to all staff. (See Due Process Procedures at the end of this section.)

APPEAL PROCESS

Every reasonable effort should be made by supervisors and employees to resolve any questions, problems and misunderstandings that have arisen. Accordingly, employees should first discuss any complaints or questions they may have with their immediate supervisors, and are urged to initiate such discussions at the time the dissatisfaction or question arises. Supervisors, in turn, should take positive and prompt action to answer employees' questions and resolve complaints presented to them. Employees may also meet (or phone from centers or areas) with the human resources department prior to initiating a grievance to receive guidance and assistance.

Supervisors should confront employees with disciplinary problems first and attempt to resolve these issues with the employee. Supervisors should also forward to the attention of their immediate supervisor all cases that cannot be resolved with an oral reprimand.

NOTE: THE NUMBER OF STEPS FOLLOWED IS DETERMINED BY THE NUMBER OF SUPERVISORY LAYERS IN THE ORGANIZATION IN RELATION TO EACH JOB POSITION.

Step 1: THE IMMEDIATE SUPERVISOR

The employee or the immediate supervisor will bring the situation to the attention of the other party within 10 working days of the occurrence of the problem, explaining the nature of the problem and the suggested solution if he/she has one.

After the problem has been discussed verbally, the supervisor will investigate and provide a solution or an explanation to the employee within 10 working days.

GRIEVANCE: In the event the supervisor fails to respond to the grievance infraction within 10 working days, the employee with the grievance may proceed to Step 2.

DISCIPLINARY: In disciplinary infraction cases, the supervisor should respond within 10 working days; however, for good cause shown, a supervisor will be allowed additional time to formalize the recommended course of action. The employee shall be informed in writing of the extension in time.

Step 2: THE SECOND LEVEL SUPERVISOR

If the recommended settlement proposed by the immediate supervisor does not clear the situation, an employee will be allowed five working days from the date the immediate supervisor gives his recommendation to refer his appeal in writing to the second level supervisor. The employee should obtain an appeal report form from the human resources department where he may also obtain assistance in preparing the written presentation of his problem.

The second level supervisor will provide an answer to the employee within 10 working days of his written presentation of the appeal. In the event the second level supervisor fails to respond to the appeal within 10 working days, the employee will proceed to Step 3.

Step 3: THE THIRD LEVEL SUPERVISOR

If the answer or settlement the second level supervisor gives the employee does not clear the situation, the employee will be allowed five working days to refer his problem in writing to the third level supervisor. The third level supervisor arranges a meeting with the employee to discuss the complaint, develops all the available facts and information relative to the appeal, meets with the second level supervisor of the employee's primary work area and meets or converses with the department head of the employee's primary work area, and issues a decision within 10 days after receiving the appeal. (In cases where an oral response has been given the employee, a memorandum summarizing the response should be prepared and forwarded to the human resources department.)

The third level supervisor will provide an answer to the employee within ten working days of his written presentation of the appeal. In the event the third level supervisor fails to respond to the appeal within 10 working days, the employee will proceed to Step 4.

Step 4: THE HUMAN RESOURCES DEPARTMENT

If the employee is dissatisfied with the solution provided by the third level supervisor, he will have an additional five working days to appeal to the human resources department. When the human resources department receives the appeal report, the department will determine if Steps 1, 2, and 3 were followed.

After collection of all the facts, the human resources department will forward to the executive director the file for a decision.

Step 5: THE EXECUTIVE DIRECTOR

If a satisfactory resolution of the appeal is not reached in Step 3, the employee may request that the appeal be processed for review at Step 4. The request must be in writing and presented to the human resources department within five working days after receiving the Step 3 decision. The appeal is considered settled on the basis of Step 3 decision if such a request is not presented.

In cases where the employee has appealed the decision in Step 3 to the executive director, the human resources department will arrange for a hearing to be conducted within 10 days after receiving the Step 3 appeal. The executive director will review all the available facts and information and issue a written decision within ten days following the hearing.

In the event the executive director fails to respond within 15 working days, or if the employee decides to appeal the recommended decision, the employee will proceed to Step 6 under adverse appeal process to the personnel committee. Disciplinary actions, such as termination, must be presented to and approved by the Policy Council.

Step 6: THE PERSONNEL COMMITTEE

If a satisfactory resolution of the appeal is not reached in Step 5, the employee and/or executive director may request that the matter be processed for review by the personnel committee. The request must be in writing and presented to the human resources department within five working days after receiving the Step 5 decision of the appeal process. The appeal is considered settled on the basis of the Step 5 decision if such a request is not presented. Note, however, that all recommendations for termination must be presented to the personnel committee and approved by the Policy Council.

The personnel committee meets with the employee, his representatives (not to exceed 3) and/or his counsel (expenses to be borne by employee), conducts a thorough and objective review and analysis of the appeal, and develops a proposed decision for review by the agency's Policy Council, which will accept or reject the proposed decision based on the available facts and information. In the event the personnel committee is unable to issue a decision within its scheduled time limits, the committee will refer the appeal back to the human resources department to conduct a thorough investigation of the conditions that led to the appeal and/or provide additional documented information. The investigation report or a written request to extend the investigation must be provided at the next regularly scheduled meeting of the personnel committee. The committee will review the information and develop a proposed decision to the agency's Policy Council.

Step 7: THE AGENCY'S POLICY COUNCIL

The agency's Policy Council will consider the recommendation made by the personnel committee but is not bound to vote to uphold the personnel committee's decision. After the Policy Council's review of the record, they shall vote to affirm or reject the personnel committee's recommendation, and their vote is final.

Step 8: THE BOARD OF DIRECTORS

There shall be no appeals to the Board of Directors of a Policy Council decision relative to an appeal except in cases where an employee alleges and proves in writing a procedural violation.

An allegation of a procedural error must be in writing and presented to the human resources department within five days after receiving the Policy Council decision. The appeal is considered settled on the basis of Step 7 if such a request is not presented.

If the Board of Directors votes that a procedural error exists, they shall forward their ruling to the Policy Council for implementation. The Board of Directors can only review

and remand for further action. The merits of all appeal decisions rest with the Policy Council, not the Board.

NOTICE OF SETTING TIME FOR HEARING THROUGH APPEAL PROCESS

When a hearing is granted for any appeal, it shall be the responsibility of the employee requesting the hearing to be present and on time for the hearing. If the employee requesting the hearing fails to be present or to have representative present at the hearing, this shall relieve the agency of any further responsibility in terms of trying to resolve the problem that necessitated the request for the hearing.

NOTE: IF AN EMPLOYEE FAILS TO APPEAL WITHIN THE STATED TIME FRAMES, ALL RIGHTS TO SAID APPEAL ARE CANCELED.

POLICY:

It is the policy of INSTITUTE OF COMMUNITY SERVICES, INC. to address grievances or complaints by parents or community people that are related to Head Start in a timely manner. Parents or other residents of the community will be provided an opportunity to present their grievances or complaints to management and the policy groups as the appeal procedure permits.

COMMENT:

A grievance is defined as dissatisfaction expressed by parents or community residents with the manner in which the Head Start program is delivering services to children and families we serve. Examples of such actions may be the closing and relocating of Head Start centers, selection of target areas to be served, and alleged discrimination in selection and enrollment because of race, sex, creed or national origin.

Step 1: Center Director

Whenever parents or community residents believe they have reasons to be dissatisfied, they should bring this matter to the attention of the center director who will investigate the grievance, discuss it with the appropriate parties involved, and attempt to resolve it. After a grievance has been registered, it is the responsibility of the center director to advise the parent of the process for getting their grievance addressed if they are not satisfied with the resolution proposed by the center director.

Step 2: Parent Involvement Director

If the parents or community residents are not satisfied with the proposed solution by the center director, the parent may request that the parent involvement director hear his/her grievance. The parent involvement director will investigate the grievance, discuss it with the appropriate parties involved, and attempt to resolve it.

Step 3: Executive Director

If the parents or community residents are not satisfied with the proposed solution by the parent involvement director, the parents or community residents may request that the executive director hear their grievance. The request must be in writing and submitted to the executive director. The grievance is considered settled on the parent involvement director's level if such a request is not presented to the executive director by the dissatisfied parent.

The executive director will hear the grievance, review all available facts and information, and issue a decision within ten days following the hearing.

Step 4: Policy Council Grievance Committee

If the dissatisfied parent or community resident is not satisfied with the solution reached by the executive director, they may request a hearing before the ICS policy council grievance committee. The request must be in writing and presented to the chairperson of the grievance committee within two weeks following the decision of the executive director. The appeal is considered settled on the basis of step 3 if such a request is not presented to the grievance committee. The grievance committee will meet with the dissatisfied parent or community resident, hear the grievance, conduct a thorough review or analysis of the appeal, and develop a proposed decision for review and action taken by the agency's policy council which will accept or reject the grievance committee's recommendation. Their vote is final.

In the event the grievance committee is unable to reach a decision within one month, the committee will advise the dissatisfied parent or community resident of the status of their grievance and a possible time line for reaching a solution to the grievance.

Step 5: Policy Council

The agency's policy council will review the record as presented by the grievance committee. The policy council will consider the recommendation made by the grievance committee but is not bound to vote to uphold the grievance committee's decision. After the policy council's review of the record, they will vote to affirm or reject the grievance committee's recommendation, and their vote is final.

Step 6: Board of Directors

There shall be no appeals to the board of directors of a policy council decision relative to an appeal except in cases where it is alleged and proven in writing that the agency violated its grievance procedures.

Allegations of a procedural error must be in writing and presented to the board chairperson within two weeks after receiving the policy council's decision.

If the board of directors votes that a procedural error exists, they shall forward their ruling to the policy council for implementation. The Board of Directors will only review and remand for further action. The merits of all appeal decisions rest with the policy council, not the board.

POLICY:

It is the policy of the ICS BOARD OF DIRECTORS AND POLICY COUNCIL to perform their governance responsibility in an environment that is fair, responsible, and effective. It is our policy to carry out our duties and responsibilities without encountering internal conflicts and disputes.

COMMENT:

In the unlikely event that unresolvable conflicts or disputes should arise between the policy council and board of directors, the procedures as contained herein shall apply for resolving the conflict or dispute. These procedures shall apply in cases of unresolvable conflicts or disputes resulting from differences regarding the grant application, program plans, Head Start center location, the hiring or firing of the Head Start director, budget revisions, and any other disputes that may from time to time occur that would jeopardize the funding and successful operation of ICS.
